

Application No.: 09/854,674

Docket No.: 21900-00025-US

**REMARKS**

In view of the above amendment, applicant believes the pending application is in condition for allowance.

The Office Action and prior art relied upon have been carefully considered. In an effort to expedite the prosecution, the present RCE application and First Preliminary Amendment are submitted for the Examiner's consideration.

Previous claims 1-6 were rejected under 35 USC ¶ 103(a) as unpatentable over admitted prior art in view of the Heismann publication. The Examiner noted on page 4, line 2 of the Office Action that applicant's previous remarks concerning inclination angle of display stripes were not persuasive since the limitation did not appear clearly in the claims. The present amendment corrects the deficiency and thus applicant's prior remarks, incorporated herein by reference, conclusively demonstrate the lack of obviousness.

In view of the above, consideration and allowance are, therefore, respectfully solicited.

In the event the Examiner believes an interview might serve to advance the prosecution of this application in any way, the undersigned attorney is available at the telephone number noted below.
